## Stationary Rectangle Car Flag

Includes:

Two-Piece Fiberglass Rod

Non-Adjustable or Adjustable Car Flag Clip

**1**

Attach the pole to the base by lining it up appropriately and then turning the pole counterclockwise.

**2**

Slide the second, thinner pole through the sleeve running along the top of the flag. Make sure that the right angle of the pole is slid through the sleeve running downwards.

**3**

Using the sleeve at the bottom of the flag, slide the flag onto the pole from the top. Connect the two sections of the pole.

**4**

Hold the flag in place by looping the elastic band at the bottom of the flag onto one of the hooks.

If the rotating hardware is being used, turn the knob at the base of the pole counterclockwise to adjust its angle.
