

INSTRUCTIONS

Water Tank Base

Includes:
Water Tank
Metal Pin
Metal Knob
Two Metal Plates

1

Lift water tank so that it is positioned vertically.

2

Place the first metal plate in the hole located at the top-center of the water tank.

3

Slide the metal pin through the hole located at the center of the first metal plate.

4

Place the second metal plate in the hole located at the bottom-center of the water tank, and ensure that the metal pin slides through the hole at the center.

5

Place the metal knob on the bottom of the metal pin, which should be oriented towards the bottom of the water tank. Turn the knob clockwise under the pin is secured.

6

Fill the water tank for use.
